

TRIBAL CPH 2017

Thursday July 20 - Sunday July 23, 2017

Levels & REGISTRATION procedure:

The class program of Tribal CPH is intended to be an intensive process giving the participants the possibility to delve, focus and grow. Each day will have a natural flow and each day's program will build on yesterday's process

Our special **4-days Package A** is highly recommended for tribal/gypsy dancers with a minimum of 1-2 years of dancing - we call this level "tough-going intermediates to very advanced".

You may also choose the 3-days option - and especially for dancers with less than 1 year's experience, we recommend Package B *

*For absolute beginners with no prior dance training or knowledge of tribal, we are sorry we cannot offer any proper introduction classes or beginners training this year.

To give availability priority to participants who want to do the 4 & 3 days program we first open up registration for these packages - and then later to the day-passes.
